

Helpful Tips

FOR PLANNING YOUR WEDDING!

- **SET A VISION**— Time to unlock that secret pinterest board! What styles do you gravitate to? What colors feel like you as a couple? Any special touches that scream you?
- **BE HONEST**— Hate the color Pink? Does the thought of roses make your cringe? Now's the time to be honest with your likes and dislikes so the professionals you have hired can make your vision come to life.
- **HONOR TRENDS & IGNORE THEM**— Pearls never hurt a girl! Embrace what you love as a couple and incorporate that into your vision. Love a classic china pattern you admired as a child, let's work with it!
- **MAKE A BUDGET AND STICK TO IT**— You know that feeling when you leave target with a lamp, a water bottle, popcorn, and new socks when you came in for shampoo...don't let that be your wedding...stick to the things that matter to you.
- **IT'S A PROCESS**— With that new ring blinding you it's hard not to dive head first into cake and tulle. But take a breath, enjoy the process and let us guide you through the big and little steps of planning.
- **CONTRACTS ARE KEY**— No winks and handshakes here. Make sure your vendors provide contracts prior to handing over your deposit. Read them thoroughly and make sure you are comfortable with what they say.
- **BUY THE SUIT**— Your partner isn't Cinderella, the dress shouldn't disappear at the end of the night. Invest in a suit they can wear for years to come.
- **TAKE A MINUTE**— At your shower, your dress fitting, sitting watching Game of Thrones with your new fiance...to soak all the lovely feelings planning your wedding brings.
- **HIRE A WEDDING PLANNER**— This should probably be tip 1–10. Hire us and we will take care of the hard stuff, letting you truly enjoy this time together, because a wedding it's just a party, it's the start of a marriage.
